The interaction with the Prime Minister marks a proud milestone for MEDxAI Innovations and highlights VIT Chennai's continuing role in nurturing research-led entrepreneurship and home-grown technology innovations.

KFON to provide connectivity to 94 institutions under Collegiate Education Directorate

KFON will provide reliable internet connectivity to 94 institutions under the Directorate of Collegiate Education. The initiative comes as steps to implement e-Office across 192 aided colleges under the Department of Collegiate Education are progressing, strengthening the digital infrastructure needed by educational institutions. "Reliable internet connectivity is essential for the digital advancement of educational institutions. Extending KFON services to these 94 institutions will support the efficient functioning of e-Office and other digital systems. This is an important step towards strengthening the infrastructure required for the digital transformation of the education sector," said KFON Managing Director Sachin Kumar Yadav, IAS. The connectivity will help ensure the smooth functioning of e-Office and other online services, speed up administrative processes, support the effective use of digital systems and improve coordination among institutions. KFON is an audacious project of the Kerala State Government aiming to obviate the digital divide. This project is to be a complementary infrastructure to the existing telecom ecosystem in the State. KFON is based on the principles of non-discriminatory treatment, as per the recommendations of TRAI, i.e., without any preferential treatment to any service provider or business segment. It essentially acts as an information super-highway through the creation of a robust core and middle-mile infrastructure. KFON got the Internet Service Provider Licence from the Department of Telecommunications in 2022, making Kerala the first Indian state to have its own Internet service.

ResMed India Inaugurates Its First Collaboration Experience Store in Kochi

Resmed India, a global leader in sleep health and breathing care solutions, in collaboration with its trusted distributor Microteck, announced the inauguration of its first flagship experience store in Kochi. The new store is designed to bring together patients, healthcare professionals, therapy users, and the brand under one roof, making sleep health solutions more accessible and empowering individuals to take charge of their sleep wellness. Located at Deshabhimani Junction, the experience store serves as a dedicated destination for sleep health awareness, education, option for HCP consultation, and therapy demonstrations. Through this initiative, Resmed aims to bridge the gap between diagnosis and therapy adoption by offering individuals a hands-on understanding of sleep apnea and the transformative impact of treatment. Commenting on the inauguration, Sandeep Gulati, General Manager- India and South Asia, Resmed India, said, "We are delighted to inaugurate our first Customer Experience Centre in Kochi, marking an important step in Resmed's expansion into South India. Kerala and the wider southern region represent an important market for us as we continue to strengthen awareness around sleep health and respiratory care. Through this centre, we aim to create a welcoming, interactive space where consumers can understand their sleep health needs, explore our solutions, and make more informed decisions in consultation with healthcare professionals. This milestone reflects our continued commitment to bringing innovative sleep and respiratory care solutions closer to the people who need them. It is in the direction of Resmed's mission "to create life changing technologies that people love".
