

INDEPENDENT AUDITOR'S REPORT

To the Members of Purva Good Earth Properties Private Limited

Report on the Audit of the Financial Statements**Opinion**

We have audited the accompanying financial statements of Purva Good Earth Properties Private Limited ("the Company"), which comprise the Balance sheet as at March 31, 2021, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw attention to Note 2.4 to the accompanying financial statements for the year ended March 31, 2021, which describes the management's evaluation of Covid-19 impact on the business operations and cash flows of the Company. In view of the uncertain economic conditions, the management's evaluation of the impact on the subsequent periods is highly dependent upon conditions as they evolve. Our opinion is not modified in respect of this matter.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) The matter described in Emphasis of Matter paragraph above, in our opinion, may have an adverse effect on the functioning of the Company;
 - (f) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (g) With respect to the adequacy of the internal financial controls with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - (h) According to the information and explanation given to us, no managerial remuneration for the year ended March 31, 2021 has been paid / provided by the Company to its directors as covered under the provisions of Section 197 read with Schedule V to the Act;
 - (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 20(a) to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any provision for material foreseeable losses;

S.R. BATLIBOI & ASSOCIATES LLP

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF PURVA GOOD EARTH PROPERTIES PRIVATE LIMITED**Report on the matters specified in paragraphs 3 and 4 of the Companies (Auditor's Report) Order, 2016 ("the Order")**

- (i) The Company does not own any property, plant and equipment or investment property. Accordingly, the provisions of clause 3(i) (a), (b) and (c) of the Order are not applicable to the Company.
- (ii) The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii) (a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities given in respect of which provisions of section 185 and 186 of the Companies Act 2013 are applicable and hence not commented upon
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) According to the information and explanations given by the management, the provisions of Section 148(1) of the Act are not applicable to the Company and hence reporting under clause 3(vi) are not applicable.
- (vii) (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including income-tax, goods and service tax, duty of custom, cess and other statutory dues applicable to it. The provisions relating to provident fund and employees' state insurance are not applicable to the Company.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of income-tax, goods and service tax, duty of custom, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable. The provisions relating to provident fund and employees' state insurance are not applicable to the Company.
- (c) According to the records of the Company, the dues of income-tax, goods and service tax, duty of custom and cess which have not been deposited on account of any dispute, are as follows:

Name of the Statute	Nature of dues	Amount demanded (Rs. in lakhs)	Period to which amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income-tax	1,063.60	2015-2017	Commissioner of Income Tax (Appeals)

- (viii) In our opinion and according to the information and explanations given by the management, the Company has not defaulted in repayment of dues to debenture holders. The Company has no outstanding dues to financial institutions, bank or government.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (ix) In our opinion and according to the information and explanations given by the management, the Company has utilized the monies raised by way of term loans (representing loans with a repayment period beyond 36 months) for the purposes for which they were raised. The Company has not raised any monies by way of initial public offer/ further public offer.
- (x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the Company or no fraud on the Company by the officers and employees of the Company has been noticed or reported during the year.
- (xi) According to the information and explanation given to us, no managerial remuneration for the year ended March 31, 2021 has been paid / provided by the Company to its directors as covered under the provisions of Section 197 read with Schedule V to the Act;
- (xii) In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the order are not applicable to the Company and hence not commented upon.
- (xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with Section 188 of the Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards. The provisions of Section 177 of the Companies Act, 2013 are not applicable to the Company and accordingly reporting under Clause 3(xiii) insofar as it relates to Section 177 of the Companies Act, 2013 is not applicable to the Company and hence not commented upon.
- (xiv) According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence not commented upon.
- (xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in Section 192 of the Act.
- (xvi) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934, are not applicable to the Company.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF PURVA GOOD EARTH PROPERTIES PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Purva Good Earth Properties Private Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to these financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to these financial statements.

Meaning of Internal Financial Controls With Reference to these Financial Statements

A company's internal financial controls with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to these financial statements and such internal financial controls with reference to these financial statements were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Purva Good Earth Properties Private Limited
Notes to Financial Statements for the year ended March 31, 2021.
(All amounts in Indian Rs. lakhs, unless otherwise stated)

1. Corporate information

Purva Good Earth Properties Private Limited (the 'Company') was incorporated on April 10, 2007 under the provisions of the Companies Act applicable in India ('Act'). The registered office is located at 130/1, Ulsoor Road, Bengaluru 560042, India. The Company is engaged in the business of real estate development.

During the year, the Company has incurred losses of Rs.3,355.34 lakhs (March 31, 2020: Rs.1,911.40 lakhs) and as at March 31, 2021, it has accumulated losses of Rs.5,296.46 lakhs (March 31, 2020: Rs.1,941.12 lakhs) against equity capital of Rs.1 lakh (March 31, 2020: Rs.1 lakh). The Company is in the initial phase of its operations and in the process of executing a real estate project. Further, Provident Housing Limited, the holding company and Puravankara Limited, the ultimate holding company are committed to provide financial and operational support to the Company for its profitable operations in the foreseeable future.

The financial statements were authorized for issue in accordance with a resolution of the Board of Directors on June 23, 2021.

2. Significant accounting policies

2.1 Basis of preparation

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III). The Ind AS financial statements of the Company are prepared and presented in accordance with Ind AS.

The Ind AS financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.2 Summary of significant accounting policies

(a) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities. The effect of change in an accounting estimate is recognized prospectively.

(b) Changes in accounting policies and disclosures

(i) Amendments to Ind AS 1 and Ind AS 8: Definition of Material

The amendments provide a new definition of material that states, "information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity." The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users. These amendments had no impact on the financial statements of, nor is there expected to be any material impact to the Company.

These amendments are applicable prospectively for annual periods beginning on or after the 1 April 2020. The amendments to the definition of material are not expected to have a significant impact on the Company's financial statements.

(c) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Purva Good Earth Properties Private Limited
Notes to Financial Statements for the year ended March 31, 2021.
(All amounts in Indian Rs. lakhs, unless otherwise stated)

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has evaluated and considered its operating cycle as four years for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets/ liabilities are classified as non-current assets/ liabilities.

(d) Impairment

A. Financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

B. Non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

Impairment losses are recognized in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(e) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Where the Company is lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Where the Company is the lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of the asset are classified as operating leases. Assets subject to operating leases are included under Investment property.

Lease income from operating lease is recognized on a straight-line basis over the term of the relevant lease including lease income on fair value of refundable security deposits, unless the lease agreement explicitly states that increase is on account of inflation. Costs, including depreciation, are recognized as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

(f) Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized/inventorised as part of the cost of the respective asset. All other borrowing costs are charged to statement of profit and loss.

(g) Inventories

Direct expenditure relating to real estate activity is inventorised. Other expenditure (including borrowing costs) during construction period is inventorised to the extent the expenditure is directly attributable cost of bringing the asset to its working condition for its intended use. Other expenditure (including borrowing costs) incurred during the construction period which is not directly attributable for bringing the asset to its working condition for its intended use is charged to the statement of profit and loss. Direct and other expenditure is determined based on specific identification to the real estate activity.

i. Work-in-progress: Represents cost incurred in respect of unsold area (including land) of the real estate development projects or cost incurred on projects where the revenue is yet to be recognized. Work-in-progress is valued at lower of cost and net realizable value.

Purva Good Earth Properties Private Limited
Notes to Financial Statements for the year ended March 31, 2021.
(All amounts in Indian Rs. lakhs, unless otherwise stated)

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(h) Land

Advances paid by the Company to the seller/ intermediary toward outright purchase of land is recognized as land advance under other assets during the course of obtaining clear and marketable title, free from all encumbrances and transfer of legal title to the Company, whereupon it is transferred to land stock under inventories/ capital work in progress.

(i) Revenue recognition

Interest income

Interest income, including income arising from other financial instruments measured at amortized cost, is recognized using the effective interest rate method.

(j) Foreign currency translation

Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

Foreign currency transactions and balances

i) Initial recognition - Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii) Conversion - Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii) Exchange differences - The Company accounts for exchange differences arising on translation/ settlement of foreign currency monetary items as income or as expense in the period in which they arise.

(k) Retirement and other employee benefits

The provisions of the Employees' Provident Funds & Miscellaneous Provisions Act, 1952 and Employees' State Insurance Act, 1948, Payment of Gratuity Act, 1972 etc. are not applicable to the Company as the number of employees are less than the minimum required employees under the said acts.

(l) Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year.

Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

i. Current income tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for that period. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance sheet date.

ii. Deferred income tax

Deferred income tax is recognized using the balance sheet approach, deferred tax is recognized on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Purva Good Earth Properties Private Limited
Notes to Financial Statements for the year ended March 31, 2021.
(All amounts in Indian Rs. lakhs, unless otherwise stated)

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

(m) Provisions and contingent liabilities

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses it in the financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote.

(n) Financial Instruments

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value at initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability, except for transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss which are immediately recognized in statement of profit and loss.

- i. Financial assets at fair value through other comprehensive income
Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- ii. Financial assets at fair value through profit or loss
Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition.
- iii. Debt instruments at amortized cost
A 'debt instrument' is measured at the amortized cost if both the following conditions are met:
a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.
After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.
- iv. De-recognition of financial asset
The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109.
- v. Financial liabilities
Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or as payables, as appropriate. The Company's financial liabilities include trade payables and borrowings. The subsequent measurement of financial liabilities depends on their classification, which is described below.
- vi. Financial liabilities at fair value through profit or loss
Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.
- vii. Financial liabilities at amortized cost
Financial liabilities are subsequently measured at amortized cost using the effective interest ('EIR') method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.
- viii. De-recognition of financial liability
A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Purva Good Earth Properties Private Limited
Notes to Financial Statements for the year ended March 31, 2021.
(All amounts in Indian Rs. lakhs, unless otherwise stated)

ix. Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
 - ▶ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
 - ▶ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable
- For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(o) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(p) Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

2.3 Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these judgments, assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

In the process of applying the Company's accounting policies, management makes judgement, estimates and assumptions which have the most significant effect on the amounts recognized in the financial statements.

The key judgements, estimates and assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its judgements, assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

i. Classification of property

The Company determines whether a property is classified as investment property or inventory as below.

Investment property comprises land and buildings (principally office and retail properties) that are not occupied substantially for use by, or in the operations of, the Company, nor for sale in the ordinary course of business, but are held primarily to earn rental income and capital appreciation. These buildings are substantially rented to tenants and not intended to be sold in the ordinary course of business.

Inventory comprises property that is held for sale in the ordinary course of business. Principally, this is residential and commercial property that the Company develops and intends to sell before or during the course of construction or upon completion of construction.

ii. Estimation of net realizable value for inventory and land advance

Inventory is stated at the lower of cost and net realizable value (NRV).

NRV for completed inventory property is assessed by reference to market conditions and prices existing at the reporting date and is determined by the Company, based on comparable transactions identified by the Company for properties in the same geographical market serving the same real estate segment.

NRV in respect of inventory property under construction is assessed with reference to market prices at the reporting date for similar completed property, less estimated costs to complete construction and an estimate of the time value of money to the date of completion. With respect to Land advance given, the net recoverable value is based on the present value of future cash flows, which depends on the estimate of, among other things, the likelihood that a project will be completed, the expected date of completion, the discount rate used and the estimation of sale prices and construction costs.

Purva Good Earth Properties Private Limited
Notes to Financial Statements for the year ended March 31, 2021.
(All amounts in Indian Rs. lakhs, unless otherwise stated)

iii. Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to disclosure of fair value of investment property recorded by the Company.

iv. Measurement of financial instruments at amortized cost

Financial instrument are subsequently measured at amortized cost using the effective interest ("EIR") method. The computation of amortized cost is sensitive to the inputs to EIR including effective rate of interest, contractual cash flows and the expected life of the financial instrument. Changes in assumptions about these inputs could affect the reported value of financial instruments.

v. Provision for litigations and contingencies

Provision for litigations and contingencies is determined based on evaluation made by the management of the present obligation arising from past events the settlement of which is expected to result in outflow of resources embodying economic benefits, which involves judgements around estimates the ultimate outcome of such past events and measurement of the obligation amount. Due to judgements involved in such estimation the provision is sensitive to the actual outcome in future periods.

vi. Deferred tax assets

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, which involves judgements around estimation of future taxable profit. Due to judgements involved in such estimation, the same is sensitive to the actual outcome in future periods.

2.4 Impact of pandemic Covid-19

The outbreak of Covid-19 pandemic has caused significant disturbance and slowdown of economic activities. Due to Covid-19 pandemic, the Company's operations were impacted during the current year and accordingly the financial statements for the year ended March 31, 2021 are adversely impacted and not fully comparable with those of the earlier year.

The Company has considered the possible effects that may result from the COVID-19 pandemic on the carrying value of assets (including inventories, advances and deposits). In developing the assumptions relating to the possible future uncertainties in the economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information to assess the expected future performance of the Company. The Company has performed sensitivity analysis on the assumptions used and based on the current estimates, the Company expects that the carrying amount of these assets as reflected in the balance sheet as at March 31, 2021, are fully recoverable. The Company's management has also estimated the future cash flows for the Company with the possible effects that may result from the Covid-19 pandemic and does not foresee any adverse impact on its realising its assets and in meeting its liabilities as and when they fall due. The actual impact of the Covid-19 pandemic may be different from that estimated as at the date of approval of these financial statements.

The Company will continue to closely observe the evolving scenario and take into account any future developments arising out of the same.

b. Terms/rights attached to equity shares

The Company has only one class of equity shares having a par value of Rs. 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian Rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except interim dividend.

In the event of liquidation of the company, the holders of equity shares will be entitled to receive remaining assets of the company, after distribution of all preferential amounts, if any. The distribution will be in proportion to the number of equity shares held by the shareholders.

c. Shares held by holding/ultimate holding company and/or other subsidiaries /associates

	March 31, 2021	March 31, 2020
Provident Housing Limited, the holding company (as per Companies Act 2013)	1.00	1.00
0.1 Lakh (March 31, 2020 - 0.1 Lakh) equity shares of Rs. 10 each

16 Fair value measurements

The fair value of the financial assets and liabilities is determined as the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

> The management assessed that the carrying values of cash and cash equivalents, loans, trade payables, borrowings and other financial assets and liabilities (as listed below) approximate their fair values largely either due to their short-term maturities.

> The management assessed that the carrying values of borrowings and other financial assets and liabilities approximate their fair values based on cash flow discounting using parameters such as interest rates, tenure of instrument, creditworthiness of the customer and the risk characteristics of the financed project, as applicable.

These financial assets and financial liabilities as summarised below are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs as explained above. There have been no transfers between levels during the year.

Break up of financial assets/liabilities carried at amortised cost.	Notes	March 31, 2021	March 31, 2020
Financial assets :			
Cash and cash equivalents including other bank balances	5	4.81	2.65
		<u>4.81</u>	<u>2.65</u>
Financial liabilities :			
Non-Current borrowings	8a	35,373.66	32,046.80
Current borrowings	8b	843.17	574.25
Trade payables	9	187.88	327.43
		<u>36,404.71</u>	<u>32,948.48</u>

17 Financial risk management

The Company's principal financial liabilities, comprise borrowings, trade payables and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include accounts receivable and cash and bank balances and other receivables that derive directly from its operations.

The Company's activities expose it to market risk, liquidity risk and credit risk.

The Company's management oversees the management of these risks and ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

a. Credit risk

Credit risk is the risk of loss that arise on outstanding financial instruments if a counterparty default on its obligations. Credit risk arises from cash and cash equivalents, trade receivables and other deposits and receivables.

Credit risk management

Other financial assets like bank deposits and other receivables are mostly with banks and hence, the company does not expect any credit risk with respect to these financial assets.

With respect to other current assets, the company has constituted teams to review the receivable on periodic basis and to take necessary mitigations, whenever required. The Company creates allowance for receivable based on lifetime expected credit loss.

During the periods presented, the Company made no write-offs of receivables.

b. Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and also generating cash flow from operations.

Management monitors the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows and maintaining debt financing plans.

Notes to Financial Statements for the year ended March 31, 2021
(All amounts in Rs. Lakhs, unless otherwise stated)

17 Financial risk management (continued)

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is insignificant.

<u>31 March 2021</u>	On demand	Less than 1 year	1 years to 5 years	5 years and above	Total
Non-current borrowings	-	-	-	35,373.66	35,373.66
Current borrowings	843.17	-	-	-	843.17
Trade payable	-	187.88	-	-	187.88
<u>31 March 2020</u>	On demand	Less than 1 year	1 years to 5 years	5 years and above	Total
Non-current borrowings	-	-	-	32,046.80	32,046.80
Current borrowings	574.25	-	-	-	574.25
Trade payable	-	327.43	-	-	327.43

c. Interest rate risk

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company's variable rate borrowing is subject to interest rate. Below is the overall exposure of the borrowing:

	March 31, 2021	March 31, 2020
Interest bearing borrowing	35,373.66	32,046.80
Interest free borrowing	843.17	574.25
Total borrowings	36,216.83	32,621.05

18 Capital Management

The Company's objectives when managing capital are to maximise returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company monitors its capital using gearing ratio, which is net debt divided by total equity. Net debt comprises long term borrowings, short term borrowings, current maturities of long term borrowings less cash and cash equivalents and other bank balances. Total equity comprises equity share capital and other equity.

Particulars	March 31, 2021	March 31, 2020
Non-current borrowings	35,373.66	32,046.80
Current borrowings	843.17	574.25
Less: Cash and cash equivalents	4.81	2.65
Net debt	36,212.02	32,618.40
Total equity	(5,295.46)	(1,940.12)
Gearing ratio	(6.84)	(16.81)

No changes were made in the objectives, policies or processes for managing capital during the current and previous years.

Purva Good Earth Properties Private Limited
Notes to Financial Statements for the year ended March 31, 2021
 (All amounts in Rs. Lakhs, unless otherwise stated)

19 Leases	March 31, 2021	March 31, 2020
The following are the amounts recognised in profit or loss:		
Expense relating to short-term leases (included in other expenses)		24.16

20 Commitments and contingencies	March 31, 2021	March 31, 2020
(a) Contingent liabilities towards pending litigations related to disputed dues of:		
- Income Tax	1,063.60	1,063.60

Note: The Company does not expect any reimbursement in respect of the above contingent liabilities and it is not practicable to estimate the timing of the cash outflows, if any, in respect of aforesaid matters and it is not probable that an outflow of resources will be required to settle the above obligations/claims.

(b) The Company, the holding company and the ultimate holding company had entered into a debenture investment agreement with a third party investor for development of a real estate project by the Company. The investor has right to claim certain IRR (including minimum coupon rate) on the investment made by investor in the Company subject to certain terms of the agreement. The Company, basis the evaluation of such terms of the agreement, had accounted for interest obligation based on the minimum coupon rate.

On December 18, 2020, the debenture holders have permitted the Company to not accrue the coupon interest of 10% on periodical basis with effect from April 1, 2020 and the same to be paid out of remaining surplus of the Company. Based on the revised assessment, the Company has accounted for interest expense under effective interest rate method for the potential interest obligation payable out of remaining surplus of the Company and has accordingly accounted for interest obligation at effective rate of 10% per annum (quarterly compounding basis) and does not expect any further liability in this regard.

21 Segmental information

The Company's business activities fall within a single reportable segment, i.e. real estate development. Hence, there are no additional disclosures to be provided under Ind-AS 108 - Segment information with respect to the single reportable segment, other than those already provided in the financial statements.

The Company is domiciled in India. The Company's revenue from operations from external customers relate to real estate development in India and all the non-current assets of the Company are located in India.

22 Unhedged foreign currency exposure

As at March 31, 2021, there is no unhedged foreign currency exposure (March 31, 2020: NIL).

23 Standards issued but not yet effective

As at March 31, 2021, there are no standards that have been issued but not yet effective, which will impact the Company's financial statements.
