NPS corpus to hit ₹12 trn by March

PRASANTA SAHU
New Delhi, January 19

AIDED BY FAVOURABLE market conditions, the assets under management (AUM) under the National Pension System (NPS), including Atal Pension Yojana, rose about 28% y-o-y to ₹11 trillion as of January 13 this fiscal, and are set to reach ₹12 trillion by March 31, Pension Fund Regulatory and Development Authority (PFRDA) chairman Deepak Mohanty said on Friday.

Despite the near-saturation in enrolment of government employees, the subscriber base under NPS rose by 16% on year to 70.69 million as of January 13. As many as 7.44 million new subscribers have been added so far in the current financial year.

The average returns generated by pension funds under NPS have been very attractive. Equities have given 26.94% in one year and 13.3% since inception.

The average annual returns since inception have been 9.06% in corporate bonds, 8.62% in government securities, 9.46% in the central government scheme and 9.32% in the state government scheme, Mohanty said.

“These are competitive returns compared to what we see in the market,” Mohanty said. “Assets under management should reach ₹12

trillion by the end of the current financial year,” he said. The AUM was at ₹8.98 trillion as of March 31, 2023. AUM would need to grow by 33.6% to reach the target set for March 2024.

A few states that have issued a notification to pull out of the NPS to revert to the old defined pension system (OPS) continued to contribute to the NPS irrespective of the on-paper withdrawal.

“We are roping in regional rural banks to sell NPS in all their branches across the country. We also have a relaxed point of presence regulation to make it easier for onboarding individual agents and corporate agents for NPS,” Mohanty said.

With the government sector saturated, PFRDA is making efforts to rope in corporates to enroll their staff under NPS. As against the target of 1.3 million new private sector subscriber enrollments in FY24, nearly half has been achieved and the rest are likely to be achieved by the end of FY24, he said.

According to the extant NPS norms, a maximum of 60% of the accumulated NPS corpus from contributions during a person’s working years is allowed to be withdrawn tax-free at the time of retirement. The subscriber has to invest a minimum of 40% of the corpus in annuities for a regular pension.

Heli-tourism gets a facelift by Kerala

FE BUREAU
New Delhi, January 19

THE KERALA GOVERNMENT has unveiled a new heli-tourism project in order to increase domestic tourist footfalls in the state, the state government said in a release. Heli-tourism means tourism services being availed through helicopter service providers.

“Kerala has become the first state in the country to come out with a comprehensive heli-tourism policy. A micro-site has been created giving details of travel packages offered by the helicopter service providers,” Kerala tourism director PB Nooh said at a press conference.

The state government has [financialexp.epapri.in](#)

also decided to host four international adventure sporting events in 2024.

Big ticket adventure tourism events are also on the cards since the state’s geography features a challenging mix of mountains, rivers, beaches and canals, offering immense potential for this segment, the director said.

Kerala registered a record number of 16 million visitors from within the country during January-September 2023, clocking an impressive growth of 19.34 per cent. “It is a testament to our innovative tourism initiatives that make the state not only a safe and hospitable destination but also an all-weather holiday paradise,” Nooh said.

MSP bonus: Procurement of paddy in Chhattisgarh jumps

SANDIP DAS
New Delhi, January 19

THE PADDY PROCUREMENT in Chhattisgarh, a major contributor to the government’s grain procurement drive, has surpassed a record 10.7 million tonne (MT), against the current season (2023-24) target of 9.1 MT, following the boost in purchase of grain after the new government started to provide bonus above the minimum support prices (MSP) to farmers.

Higher grain purchase in the central Indian states also brought down overall deficiency in paddy purchase under MSP operations by

Higher grain purchase in the central Indian states brought down overall deficiency in paddy purchase under MSP operations to 7.73% year-on-year as on Thursday

Food Corporation of India (FCI) and state agencies to 7.73% at 56.04 MT as on Thursday on year from 13% three weeks back.

Sources told *FE* that Chhattisgarh has asked the food ministry to revise the target for paddy purchase for the season so that more grain could

be purchased from the farmers. The state aims to purchase 13 MT of paddy in the current season. In 2022-23 season (October-September), 87.53 MT of paddy in Chhattisgarh comes from the farmers.

Officials said the overall deficiency in paddy procurement will be bridged once more paddy is purchased in Chhattisgarh. The BJP had promised to purchase paddy at ₹3,100/quintal in Chhattisgarh at 21 quintals of paddy per acre.

The centre has increased the MSP of the common variety of paddy by more than 7% to ₹2,183/quintal for 2023-24 season compared to the previous season.
